ACADEMIC STANDARDS AND CURRICULA REVIEW COMMITTEE
Recommendation

SR-90-91-(134)286 (ASCR)

That the following statement be placed at the front of both the graduate and undergraduate catalogs:

The Marshall University Catalog fulfills two primary functions:

1. The rules and regulations, policies and procedures of the University, its divisions and its governing body, all of which apply to all students, are contained in this document. These rules apply during the publication year of the document and are subject to change during that year upon recommendation of the various divisions and approval of the president or governing body of the University.
2. The Catalog contains the specific requirements for all degrees and certificates awarded by the University. Any student who initially declares a major during the publication year of this Catalog and any student who declares a change of major during the publication year of this Catalog, enters into a contractual agreement between himself/herself and this University that insures that the requirements for his/her declared major will remain unchanged by subsequent Catalog publications. This agreement is in effect for a period of ten consecutive years for undergraduate degrees and certificates and five consecutive years for graduate degrees and certificates. Students are cautioned that programs leading to licensure may be altered by the outside licensing agency and are not subject to the contractual agreement.

RATIONALE: This statement should help prevent misunderstandings about the contractual nature of the catalog.
